DARC Corporation Becomes the First Oracle Specialized Partner in North America

Oracle Recognizes DARC Corporation for Expertise in Providing Consulting Services for Oracle E-Business Suite Release 12 Financials

HOFFMAN ESTATES, IL – DARC Corporation today announced that it has become "Specialized" with Oracle E-Business Suite Financials through the Oracle PartnerNetwork (OPN). By becoming Specialized in Oracle E-Business Suite Financials, Oracle has recognized DARC for its commitment to establish in-depth expertise and excellence in delivering implementation, upgrade, integration and training for the Oracle E-Business Suite Release 12 and for uniquely addressing customer challenges.

DARC became the first Oracle partner in North America to achieve Specialization in Oracle E-Business Suite Supply Chain Management, and is now the first Oracle partner in North America to achieve Specialization in Oracle E-Business Suite Financials.

DARC is an Oracle Systems Integrator providing world-class business process consulting services including process optimization, implementations, upgrades, business intelligence, integration, organizational change management and managed services. DARC is pleased to take another significant step towards fulfilling the requirements of the OPN Platinum Level membership.

"We are pleased to be the first Oracle partner in North America to earn Specialized status. Being Specialized provides clarity to Oracle's customers in identifying Oracle partners who have achieved the accreditation through competency, expertise and proven customer success. Customers will have greater assurance when selecting a firm who is Specialized within a particular field of expertise" -- Brian Connolly, President and CEO, DARC Corporation

About DARC

DARC is a highly accomplished consulting firm with the experience and industry expertise to guide executives through business process optimization, enabling them to achieve increased productivity. Our teams of industry professionals have the insight to identify areas of improvement and propose and implement solutions that increase efficiencies, lower costs and increase competitiveness.

As a Platinum Level member of the Oracle PartnerNetwork, DARC's mission is to provide world-class business process consulting services, enabled by Oracle solutions, to our clients at the greatest possible value.

About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program. Specialization is a key element of OPN, enabling partners to differentiate themselves in the marketplace. Specializations are achieved through competency development, business results, expertise and proven success.

Trademarks Oracle is a registered trademark of Oracle Corporation and/or its affiliates.
